

BIOGRAPHY

Elias Mankouche Senior Sales Consultant

Elias Mankouche is Dassault Systemes' Senior Sales Consultant for the Industrial Manufacturing domain in the Americas.

Elias joined DASSAULT SYSTEMES in 1995. Throughout the years, Elias has served in several leadership roles in customer facing positions such as Territory Sales Manager (2006-2008) and Fabrication & Assembly unit Director (2008-2010). In 2010, Elias was named Industrial Manufacturing initiative manager in North America and was responsible for the sales and support of the solutions to the small and medium market with DASSAULT SYSTEMES' resellers.

In 2013, Elias was named Senior Consultant in the Partners' Excellence team. The Partners' Excellence team is responsible for enabling the Dassault Systemes' partners and for leading the adoption of 3DEXperiences in several key markets such as Transportation and Mobility, AEC and Industrial Manufacturing.

Elias holds a masters degree in Business Administration from the University of Southern California and a Masters degree in Engineering from the University of California.
